

Beguiled (Frost Trilogy) (Volume 1)

Still putting her broken heart back together, the last thing Mia James is looking for is a man. But the first time she claps eyes on Nick, she knows she's in trouble... Why? Because Nick Frost is a Man... with a capital MUH. And a Man who knows what he wants... Mia. The course of true love never does run smooth and Nick's attempts to woo Mia only confirm her suspicion that he's a Player of the highest order. Nick is sure he's found The One, but it's not that simple. He may be willing to give Mia his heart, but he's a man with a past; a past he desperately wants to keep from her. Will he trust her enough to lay himself bare to her? Mia tries to fight it, but their attraction is undeniable? and a girl can only resist so much temptation, but will she ever be able to give herself fully to and trust a man who keeps so much hidden? *Beguiled: Frost Trilogy 1* is an Erotic Romance with sexually explicit content.
