

Surfs Up (The Daniels Adventures Book 3)

Surfs up is the third book in the Daniels Adventure series after Hooked and Cabo Ho! In Surfs Up the tribe heads for Surfers Paradise Australia to rescue their Uncle Charlie and wind up in the middle of another huge treasure hunt for a treasure lost in time by the infamous pirate William Kidd. Surfs Up brings back a bunch of the same colorful characters and adds a few more. Surfs Up will keep you guessing and laughing the whole way through.... Hooked is a fun filled, treasure hunting story about a family of sleuths searching for lost pirate treasure. It was written for young adults and beyond but turned out to be loved by the older crowd as well due to the underlying humor that is only picked up on by adults. It will keep you guessing and laughing until the very end with a whole cast of colorful characters and a catchy story line. Joel Mumey, (Pen Name, Crash Davis), grew up reading the Hardy Boys series and wrote the Daniels Adventures with them as an inspiration to accommodate his boys who were complaining about not having any good adventure books to read and wound up entertaining everyone from them to their grandparents and all ages in between. The Daniels Adventures have been marked as the best new series for anybody that needs entertained!.
