

From Husband to Slave: Trina, Josh and Me

ADULTS ONLY!!! A seemingly normal marriage descends into the depths of madness! Trina has always been slightly more aggressive than her husband, Steve, but now shes taken complete control! Steves transition from husband to slave becomes inarguable when his controlling bride invites his best friend from work over for some freaky fun. Feminization, cuckolding, not-quite-reluctant bi-sexuality, orgasm deprivation and a teeny-weeny bit of small penis humiliation combine to create an unforgettable tale. Chad Kneethistles 6,000+ word opus will leave you hotter than Trina, harder than Josh and more sexually super-charged than Steve! If you like the idea of the man playing the role of sexual servant for the depraved pleasures of his wife and friend, you need to get From Husband to Slave: Trina, Josh and Me right away! FROM THE PUBLISHER: Theres a line between sexual submission and all out supplication. The narrator in this story crosses that line. He becomes more than a simple subby boy... He becomes an outright slave to his wife and her most recent paramour. How does a normal, straight, every day hubby find himself wearing lacy lingerie with his equipment in a cage? Why would a regular guy open his mouth in anticipation of his buddies tool? Whats it like to watch your wife play with the neighbor? Questions like these hop up again and again in this crazy hot story... If you like SPH (small penis humiliation), femdom, feminization, a little not-really-forced bisexual action and related themes, you are going to really enjoy this story! A+ WARNING: This is not vanilla erotic romance. This piece of erotica contains a number of themes that many might consider hardcore or out of the mainstream. If youre looking for hot, sexy, no-holds barred depravity, youll appreciate this story. If you want another run-of-the-mill title, consider other options!
