

## The Rubber Club Compendium

This Rubber Club Compendium contains both parts of the original series. The Hamm brothers claim to be running a fitness club, but are in fact running a clinic, where they enhance their patients arousal levels for sex and rubber. Once transformed, their patients can then serve their dominant partners and spend time in The Rubber club, where they provide the members with all the sex they need. They only accept applications from the dominant of a relationship and during the course of the novel we learn about Terry, who wants his wife, Jenny, to become interested in sex and Philip, who wants to make Desiree, a novelist, take an interested in him. Terry eagerly signs up Jenny to become a member whilst Philip helps Desiree to apply for membership. Desiree is looking for some inspiration for her next racy romance novel and imagines that the brothers club has some kinky undertones. Little does Desiree realize that if she joins, she will be drawn into a hellish world, where she will become a slave to Rubber and possibly have a lifelong fetish for the substance. Find out how the coy and demure writer is drawn into a web of deceit, which takes her from her comfortable house in the suburbs to the dark and wicked world of latex and bondage. Categories: - Male domination, Female submission, Erotica, BDSM, Rubber Fetish, Master, Training and Collaring.
