

Capstones of a Calling

Capstones of a Calling brings together a number of Matti Aikios shorter literary pieces from his nearly thirty-year career as a journalist, novelist and artist in Kristiania from 1900 to his premature death in 1929. Also included is his only drama to have been performed, the farce *Under blinkfyret* (*Beneath the Blinking Beacon*), to considerable acclaim. Moreover, there are an article that may have served as a sketch for the play plus two reviews of the performance. In his introduction, Gunnar Gjengset argues persuasively that Matti Aikio had a consistent, focused and clandestine program behind all of his literary efforts. It was the elephant in the room no one saw.
