

Cowgirls Dont Cry

Mavis Hart is a famous rocker and half of the band Maverick Heart. She is the typical rock star. The only problem is Mavis has gone missing...Everyone is looking for her. But for once, Mavis has found the perfect place to hide, where no one would dare to look for her. Brooklyn Parker awakes to find everything that she had worked so long for, going up in smoke. She was broken, battered and defeated. No matter what she seems to do she cant clear the past from her mind. That is until her Aunt Becca forces her to go live on a ranch for six months. Brooklyn is given an ultimatum. Stop feelings sorry for yourself and get better. She wonders if she can really find life out there after everything that she has been through. She has to find a reason...to live, again. Jessie MacAndrews is the farmers daughter and good friend of Becca. She isnt too sure what to make of Brooklyn at first as their tempers and mindsets clash. They have no choice but to work together to help Brooklyn find herself again. She agrees to help Brooklyn because Becca asked her. After a few days, Jessie begins to think that nothing and no one can help the unwanted Brooklyn. But, when Mavis is forced back into the spot light, can Jessie and Brooklyn survive the lies, the truth and the love that makes Jessie remember why Cowgirls Dont Cry?
