

Desert Gold

The Shelf2Life Western Fiction Collection is a fascinating set of pre-1923 materials that capture the beauty, mystery and adventure of the old west. From honorable cowboys and spirited pioneer women to questionable sheriffs, notorious gunslingers and unruly outlaws, these classic westerns introduce lively characters who embody the essence of the American frontier. Authentic dialog combined with vivid scenic descriptions help re-create a time and place where chasing cattle rustlers, tracking wild horses and fighting for land were a part of everyday life, highlighting the strength of character necessary to survive. The Shelf2Life Western Fiction Collection allows readers to escape the modern world and be transported into the rough and tumble escapades of the Wild West.
