

Exposure

Prominent lawyer Alistair Langford has worked hard to achieve his immense ambitions, but in the course of just one evening he recklessly destroys everything. The scandal threatens his marriage and exposes a secret he has hidden his entire adult life. Meanwhile, his son Luke, who has led a privileged life but also has worked hard to achieve his own success, has fallen in love with a beautiful actress. When she suddenly leaves him, he plummets into a dangerous depression. His ideals in tatters, he seeks a kind of redemption by taking in two asylum seekers from Kosovo, whose struggles contrast starkly and poignantly with his own. A deftly plotted, highly suspenseful, and astutely observed morality tale, *Exposure* explores the dangerous pleasure of offering charity, the effects of deceit and shame on a rigidly complacent family, and the nature of love among family and friends.
