

## Murder in City Hall

Molly Hamilton is a dedicated public servant. She consistently out-thinks the men she works for and with. As Molly's department director, Jack Sampson is a boss from hell. Jack routinely abuses the tightly knit group of men and women who work behind the scenes in local government. Christine Miller meets Molly by chance while searching for help in City Hall. As a police detective, Chris finds Molly to be a person of interest personally and professionally after Jack Sampson is murdered. Was Molly responsible? Will Chris be able to save her new relationship with Molly by solving the crime? Or is Molly fated to be yet another victim of City Hall?
