

## Absent Kisses

From the bedwife who teaches medieval brides to make love, to the secretary whose mind turns to murder, these stories are the creations of an imagination that is by turns angelic and demonic. Frances Gappers stories have been widely anthologized but are brought together here for the first time, with several fresh and surprising new tales. Elements of magic realism, fantasy, historical fiction, and English humor make up a delightful collection. Frances Gappers stories have appeared in various magazines and anthologies, including *Time Out* (London) and *The Diva Book of Short Stories*. As well as a childrens book, she has published one novel for adults, *Saints and Adventurers* (Womens Press), and is working on another set in a convent.
