

## The Grass is Never Greener (Greys Helter Skelter Book 3 Erotica Short)

Nadia wants revenge on her cheating husband, and after reading Fifty Shades of Grey, she decides the best revenge would be to take a lover herself. She needs to feel good and know she is still attractive and wanted. Following a failed attempt at luring a friend's husband into adultery, she pursues a man devoted to his work or anything other than Nadia; he enjoys sexual pleasures with her, but little else. Nadia eventually realises she has made a fool of herself and moves back to her marital home, only to find herself in a love triangle with her husband and his live-in lover. After weeks of rivalry, the two women call a truce and agree to tolerate one another until the house is sold, but lust and passion intervene, throwing Nadia into turmoil. Can she contain her feelings or will she take a step in a new unexpected direction and try a lesbian relationship? An erotica short story of finding out the hard way that the grass is never greener.
