

## Youve Gone Too Far, Baby

Big Sister is watching you! Its 2014 in this parody/tribute to George Orwells 1984, the Equal Rights Amendment has finally been ratified, the first woman president has been elected, and sex and marriage have been outlawed. Women get a little more than they bargained for in this tongue-in-cheek tale of the war between the sexes. Young feminist Jennifer Martin confronts issues of sexual harassment, gender neutrality, women in sports, being drafted into the military, being in combat, motherhood and relations with the opposite sex, as she seeks to become truly liberated.
