

Larry 2: The Squeequel

Larry Pigface Travers is back in the sequel at least three people asked for. After being dismembered and torched at the end of the first book, Larry returns (dont they always?), and sets out to butcher Amanda Bateman, the final girl responsible for his grisly death a year earlier. The only problem is, shes now living in the city of Haddon, and has developed a strange telekinetic link with the geriatric slasher. Not only that but she has acquired the assistance of Sister Geoff, a butch and drug-addled nun, who might be the only person capable of destroying Pigface once and for all.
