

Nobody Loves a Ginger Baby

At last, a funny novelist with guts. - Henry Sutton, *Mirror*. Everyones on antidepressants, suffering Post Romantic Stress Disorder, especially Daphne, whos just been severely chucked by lily-livered Donnie. Being unhappy is embarrassing, therefore intolerable, and so everyones secretly on the happy pills. After a lot of soup, a soupcon of unseemly relationships, a few deaths and an abundance of life-affirming triumphs, pro-joy is mooted by Pierce as the way to go. But is it really? Marney gives chick lit a shot of adrenalin with a novel featuring one of literatures most repulsive love objects. Hard core romance for the bitter and twisted. - *The Independent* (one of the picks for 50 Best Reads). A hilarious edgy satire. - *Daily Record*
