

Nor-Cal

Coming of age in 1985, Pavel and his two best friends Lee and Gooch live for San Franciscos thrash metal and punk rock scene. Good grades arent difficult for Pavel, so hed rather go to hardcore shows and fish with his buddies than do homework or prepare for college. But high schools almost over, and hes smart enough to know its time to make hard choices. Pavel has drive, hes just not sure where to drive. Although his Moms a small-time pot dealer, hes never smoked weed. Hed rather run the beach for miles with his girlfriend Larissa, a Mormon whos been prepared for college since the second grade. Torn between the arts and a corporate paycheck, if only he had Lees confidence or Goochs rich parents, maybe his path would be clear. But nothing could prepare Pavel for the cataclysmic events coinciding with high school graduation.
