

Open to Anything: Mysterious Transformations

Ive only got one bed. Its big enough for the three of us Open-minded Francesca has no problem whatsoever with her boyfriend Daryl having extracurricular sex with their neighbor, Julie. But when she gets home from a business trip and catches him in the act with another boy, she goes livid. That is, until she discovers the hot, androgynous, well-endowed man is also gorgeous, feminine Julie! How could this woman be both people at the same time? Mysterious Julie McMullan, apparently, can change her gender at will. And among her seemingly alien gifts, she could also sense peoples emotions, especially their lust. What Julie senses among the three of them is so hot they can set the neighborhood block on fire. Good thing she has a body that can please both Daryl and Francesca. And good thing she has a bed and an appetite for three. But theres even more to Julie than her remarkable body, a past she herself does not yet understand *For mature audiences
