

## Mermaid (NHB Modern Plays)

A bold reimagining of Hans Christian Andersen's tale of love, loss and desire, transported to a contemporary setting. Beneath the ocean's waves there is no death or pain or separation. Above, the modern world is beset with war, poverty and desire. On her sixteenth birthday, a mermaid rises up to the surface, leaving her childhood behind for ever when she falls in love with a mortal prince. She knows that she can no longer live at the bottom of the ocean - but must she destroy herself in order to be loved? Polly Teale's *Mermaid* was first performed by Shared Experience and Nottingham Playhouse on a UK tour in 2015. wonderfully atmospheric
