

Raising Hell: Plus... (PM Press Outspoken Authors)

An all-new story designed to take a poke at both Christian fundamentalists and corporate CEOs, Raising Hell is a rousing account of the fight to improve working conditions in Hell, with the help of such deceased immortals as Jimmy Hoffa, John L. Lewis and Cesar Chavez. The Abnormal New Normal, which casts a cold and razor-sharp eye on current trends in popular culture, shows how they reflect the domination of the one percent and suggests a radical fix. Also featured is PM Press Outspoken Interview, the usual mix of intimate revelation, insight and outright lies.
