

Redeemer: The Cross Chronicles

Ezekiel Cross is handsome, strong, intelligent and he is a cold blooded killer. For most of his life, Ezekiel has been a killer, trained from a young age to enforce the whims of his boss. But Ezekiel is tired tired of the lies to his wife, Mali; tired of not having the normal life he craves. He longs for the day that he can hang up his guns and live a normal life with his wife Mali. So he decides to end his career as a professional assassin; to hang up his guns and raise a family. But the life of a killer is never his own. Ezekiel is called to do one last hit, but instead of closing the deal he finds himself a target. Hes sent back in time in what is meant as an experiment as well as punishment. Initially distraught, he decides to change his fate by saving himself and his family from the events that led him to a lifetime of crime. Along the way, he meets some of the coolest, sexiest, deadliest and craziest characters to ever grace the pages of a book and ultimately finds himself in a situation that could change his life forever or end it. This Special Edition includes the expanded alternate story, Redeemer: Glitch.
