

Route 3 #3

Its a race against time as Sean and his apparent Savior escape Georgia, with shadowy government agents and drug kingpins in close pursuit. From within the hallowed halls of Washington D.C., the puppet master Nathenson, continues to throw all of his black ops resources at capturing the super powered teen. Some questions remain: Who is Seans mysterious benefactor? Does he have the answers to the awe-inspiring abilities Sean manifested during his attempted murder? Will 316 and his team be able to accomplish their mission, with the Watkins crew in close pursuit - harsh retribution on their minds?
