

## SAVAGE BARRANCA (The Revenger Book 5)

The wildest, most compelling new western series going! THE REVENGER #5: SAVAGE BARRANCA Mike Sartain's worst nightmare has come true: captured by the U.S. Cavalry, who has a special bone to pick with him. Only, he's not sent to a firing squad. The governor of New Mexico Territory gives him an ultimatum: kill a man in Mexico and retrieve the governor's kidnapped daughter, or face a court-martial. Just in case the man known as the Revenger decides to renege on the deal, the governor sends a comely lady Pinkerton to dog his every move and make sure he fulfills his side of the bargain. Doesn't the governor know you never, ever send a beautiful woman to Mexico without expecting all manner of trouble? But the young lady Pinkerton is only a small part of the Revenger's problems down south of the border...
