

Adventures on Larrys List - Erotic 6-Pack #1 - Explicit Erotica

Millie and Jan have decided to advertise their sexual favors for profit on Larrys List in order to get laid. They never expected many of the things they were introduced to some of which they enjoyed, some of which they didnt.SAMPLETo her chagrin, Millie fell in love with the first man she ever serviced on her own as a prostitute What started out as a lark, when she and Jan decided to advertise on Larrys List in ordered to get laid on a regular basis, had quickly become something of an obsession after she met Jake. She couldnt stop thinking about him even as she and her best friend Jan performed threesomes, or as she serviced the other men who responded to their ads. And she knew better. This was casual sex at the very least. Everyone knew you shouldnt even think of falling in love with a trick. Yet every time her dedicated cell phone rang her heart leapt maybe this time it would be Jake.Jake was everything Millie was attracted to in a man. He was a hunk - strong and athletic. As an athlete herself she enjoyed his rippling muscles and his physical strength. She felt dominated by him and she liked it. In her first, and so far only, sexual encounter with him she had protested when he told her to do something she hadnt bargained for. He had pushed her boundaries, reminding her of the fact that he had paid her. To her great surprise she had liked the spanking and the anal sex. Maybe because he did it well. She wondered if there were other lines that he would push her across that she didnt even know existed. She wondered who had been his teacher. Jake was good in bed, a rarity in her profession. She knew nothing about him which was not a rarity. The problem was she wanted to know more. She didnt know if he was married and he used women like her to perform the acts his wife didnt like or simply wouldnt do. She didnt know if he was divorced, or a dedicated bachelor. She didnt like thinking about a wife although how someone like

him could still be single was another question she didnt want to ask. She wanted him to be a bachelor but she also wanted him to be available to her. The thoughts of him were a torment to her. Her phone rang. Hello? Millie? Yes. Its Jake, are you free tonight? His voice took her breath away. She felt light headed and sank down onto the chair beside the phone table. Oh hi Jake, she said, hoping she sounded casual even as she could feel her heart pounding a tattoo inside her chest. Yes Im free tonight. Good. Eight oclock at the same place? Ill reserve the room. Call me back in three minutes to confirm the number, Millie said, putting the business woman into her voice. She would have loved to ask for his phone number to call him back, but didnt dare - maybe when she knew him better. Okay. Her finger shook as she pressed the number two on her autodial. Number one was Jan, she would call her next. The room was available. She had shaved her legs, washed and blow dried her hair and donned her sexiest lingerie all black and lace and matching. In her conscious mind, that part of her that had fallen completely in love, she wanted to be perfect for him. Her intuition told her that she was being really stupid. He thought of her as a business transaction; a hooker, a woman who sold her body for money. He didnt think of her as a smart, athletic woman who had a day job that paid well so she didnt need the money. He didnt think that she had gotten into this business on a lark. He hadnt asked her how she was. He hadnt made the conversation personal. He had made an appointment, just as he would make an appointment with a dentist except this was a different kind of drilling. But he had called, she thought. He had liked her well enough to want to see her again. Denial brought the curve of a smile to her reddened lips. He called. Now she waited, in her leather miniskirt and white silk blouse, in that second floor room of the Sleepy Time on Main Motel where they had first met
