

Traitor (The Lost Girls Book 2)

Katalina Wimple ran out of bad guys to chase. She found love and peace hand in hand and nothing seems impossible until the one-that-got-away shows up in need of help. Her new case takes her through the portal to Dark Earth where she's expected to save a man with a shady past. She faces not only mythology and folklore in the flesh, but a relationship strained to the point of no return by an old flame that burns brighter than ever.
