

## The North Wing of Sunset Manor: No Peas and Carrots, Please

For sixty-one years, Maggie Kahne has been taken care of by the men in her life; first her beloved father and then her husband, Kennedy Kahne. Now, with both of them gone, she is faced with the fact that she does not know how to live her own life without having someone else take care of her. Spoiled and pampered, the aging southern belle has no other option than to move to Sunset Manor where she will be taken care of ... but at what cost? For Maggie, aging means losing everything ... her way of life, her looks, her freedom, and herself. How could she have let this happen? Reluctantly, she moves in, determined to find a way to get her old life back. But how will she do that? This can't be the end for her ... this life amongst old people and the day to day drudge of routines and rocking chairs. Maggie craves excitement, parties, and attention! Her outlook begins to change when she meets John Dover. Impressed by his good looks, cool manner, and no-nonsense attitude, she openly flirts with him and sets out to win his heart, and hopefully, return to her previous lifestyle!
