

1970 Buick CD-ROM Repair Shop Manual & Body Manual

This CD-ROM offers page-for-page reproductions of two bound manuals that Buick mechanics used to service cars. It includes the: 1407 page 1970 Buick Chassis Service Manual-All Series, and the 661 page 1970 Fisher Body Manual. The CD is a page for page reproduction of the bound manuals that Buick dealer mechanics would have used to service your car. You will find service instructions for: maintenance & lubrication, windshield wipers, heating & A/C, frame & body mountings, front end alignment, rear suspension, propeller shaft & differential, brakes, engine, fuel system, fuel pumps & carburetors, controlled combustion system, engine electrical (generating, starting, & ignition systems), engine tune-up, clutch, manual transmission, shift linkage, Turbo Hydra-matic 350 & 400 Transmission, fuel tank & exhaust systems, steering, wheels & tires, chassis sheet metal, chassis electrical & instrument panel, radio, radiator & grille, bumpers, accessories, body, and interior. In the Fisher body section of the CD, you will find out how to work on the convertible top, door locks, door handles, window cranks, power windows, trunk lid and lock, and seats. Learn how to remove and install glass, vents, headlining, vinyl roofs, convertible top, weather-stripping, interior trim, door panels, arm rests, and exterior moldings. With the step-by-step illustrated instructions, specifications, and wiring diagrams on this CD, you will have the information you need to keep your project on the road. The best part is you can print out the pages you need, dirty them in the shop, and then throw them away. Great if you have a hard copy that you want to keep clean. This CD covers all 1970 Buicks, including Special Deluxe, Skylark, Skylark Custom, Sportwagon, G.S. 350, G.S. 455, G.S. 455 Stage 1, GSX, LeSabre, LeSabre Custom, Wildcat, Wildcat Custom, Electra 225, Electra 225 Custom, and Riviera.
