

The Somnambulist Footprints: A Collection of Surrealist Tales

Fiction. The SOMNAMBULIST FOOTPRINTS is the result of a collective project in which several contemporary surrealists and fellow travelers wrote short stories according to their own interests and imperatives, based on their common desire to subvert the very foundations of conventional reality, both on the written page and -- more importantly -- beyond it, in the open space of consciousness. Contributing authors: Mariela Arzadun, J. Karl Bogartte, Daniel Boyer, Eric W. Bragg, Mattias Forshage, Parry Harnden, Dale Michael Houstman, Philip Kane, Merl, Ribitch, Matthew Rounsville, Shibek, Andrew Torch, and Xtian. With illustrations in black and white. Edited and introduced by Eric W. Bragg.
