

Uncovered: Hard Truths

Kelsey never would have imagined her husband would cheat on her. She hadn't thought Omar was that kind of man. They'd been married happily for years. They were finally ready for a kid and he was even more interested about having a child than she was. Kelsey thought she knew Omar. He proved her wrong. But a far bigger illusion was shattered. Kelsey never would have imagined her husband's affair would turn her on. She certainly never would have imagined that overhearing Omar's mistress, and then seeing that mistress, would get her excited. The revelations of Kelsey's husband's affair, along with the subsequent revelations of her own kinky sexuality, led her to sleep with a list of men and fantasize about women. When she tries to seduce a female coworker, though, she comes up short. Vickie won't deny her attraction to Kelsey. But before she will act on that attraction, Kelsey finally has to come clean with her husband. Her own guilt has been telling her the same thing for weeks. Kelsey plans to confront Omar about his affair by catching him in the act. She hopes to join in, to reveal her own newfound inclinations at the same time. But what she uncovers when she arrives home at the scene of the affair will shock her and force her to confront hard truths. This is part 5 of a serialized novel, after the events of *Uncovered: Mistress*, *Uncovered: Getting Even*, *Uncovered: Family Woman*, and *Uncovered: Straying*.
