

There's a first time for everything, and this is Karen's first time taking on five guys at once! When Karen finds herself tied down and blindfolded, she's relieved to hear her husband's voice. Relieved but wary. She recently found out that her husband has been satiating his sexual appetite outside of their bedroom and she made the frightening offer to be a part of it. She said she wanted this, but does she even really know what this is? She found herself in a messy situation, but by the end she'll be begging for more!
