

The Last Bounty (LIN) (Linford Western Library)

Jack Sutcliffe knew he would have trouble getting Bart Durrant up to Fort Smith so that they could hang him. Meeting up with the Morris brothers got things off to a bad start. Then Jenny was raped and she came after them all, looking for revenge. As if that wasn't bad enough, a second bounty hunter set out to hijack Durrant. The lead soon began to fly and Jack Sutcliffe's last bounty was destined to end in a bloody shoot-out.
