

## Wishes and Tears

When a naive encounter at a Coronation party leaves sixteen-year-old Janet Slater pregnant there's no question in her scandalised parents' mind of her keeping the baby. Bundled off to a home for unmarried mothers in South London, Janet is about to face the hardest moment of her sheltered life alone. Forced to give her tiny daughter up for adoption, Janet promises her that one day, come what may, she'll find her... In the years that follow it seems, however hard Janet tries, it is a promise that will be impossible to keep. Nonetheless, she builds her life around her secret and Paula, her lost daughter, is never far from her thoughts. And one day, her searching pays off - the road to their longed-for reunion seems clear. But then a new shadow falls across the fragile happiness of both their lives...
